Berkeley, CA | (510) 387-5564 | [silas.a.burger@gmail.com](mailto:silas.a.burger@gmail.com) | [github.com/silasburger](https://github.com/silasburger) | [silasburger.com](https://silasburger.com)

---

## **Intern - Course Report** | San Francisco, CA | 11/18 - 12/18

Improved user experience by adding functionality and fixes to the rails application. Optimized site performance by limiting the number of queries to the database with eager loading. Collaborated in building MVP react native app using an express proxy server as a restful API. (Ruby, Rails, Postgresql, React Native, Express)

## **Testing Specialist - Exclusive Concepts** | Burlington, MA | 6/16 - 4/18

Designed tests for ecommerce stores with analysis of data from Google Analytics and user behavior. Investigated shopper behavior on the site using Hotjar and similar technologies. Coded simple test solutions on ABTasty platform using jQuery for DOM manipulation. (jQuery, A/B Testing, Hotjar)

## **EDUCATION**

### **Rithm School** | San Francisco, CA | 2018-2019

Full Stack Web Development Bootcamp

Over a 17-week period I built 25 frontend and backend projects with React, Flask, and Express frameworks. I learned how to build scalable and secure web applications that are currently deployed. Checkout some of my projects at [silasburger.com](https://silasburger.com)

### **Champlain College** | Burlington, VT | 2012-2016

B.S. in International Business with specialization in Innovation
